

QUINCY JONES

"Perfection. 360 degrees of soul and science in one human being. My kind of musician. - Kenny Werner has written the definitive book on how musicians can attain freedom and inspiration and be an inspiration to their audiences. There are many musicians that manifest that level of virtuosity and inspiration, but it's rare that they can describe it so perfectly as Kenny does in his book. Step by step, he describes ways of walking out of the shadows of self limitation and into the possibilities of unlimited joy and self-expression in music."

TOOTS THIELEMANS:

"Kenny Werner is a total musician. He feeds my heart and my brain and pushes me into fresh territories. I am grateful that our agendas can coincide that often."

DOWNBEAT MAGAZINE:

"Werner owns more chops and brains than most pianists do....Werner hardly raises his voice to make subtle points, couching his logic in neat vamps, sinewy angular lines, dizzying rhythmic double entendres."

HERB ALBERT:

Effortless Mastery can open the door and get you in touch with your own uniqueness. The book's approach helped me find my own personal expression. Effortless Mastery is simple, direct, perfect...and profound.

Are you ready to discover the "master creator" who lives inside you? Kenny's revolutionary process of Effortless Mastery - originally meant for musicians to remove the blocks to their creative success - was found to be equally valuable and profound for the businessman inhibited by the consequences of his decisions, or the golfer and the consequences of his next swing. It turns out that the process of Effortless Mastery releases the master creator within everyone and is applicable to anything. Kenny will guide you through his process in his retreats, talks and master classes. Through intimate conversation and sparkling demonstrations at the piano, he will show you how to enter what he calls "the space," a realm of effortless thinking, inspiration, and freedom in which creativity and confidence arise and grow naturally.

KENNY WERNER PIANIST, COMPOSER, AUTHOR, SPEAKER PRESENTS EFFORTLESS MASTERY: LIBERATING THE CREATIVE GENIUS WITHIN

Renowned jazz pianist Kenny Werner will inspire you to lift your life into an adventure of spontaneity, fearless creativity, and joy:

Kenny Werner has been a world class pianist and composer for over 40 years and is the author of the landmark book *Effortless Mastery: Liberating The Master Musician Within*. The New York Times has called him a "virtuoso," the Boston Phoenix has called him "an extraordinary gifted artist," and his prolific compositions and recordings have won National Endowment for the Arts grants, a Grammy Award nomination and a Guggenheim Fellowship.

Kenny has created videos, lectured worldwide, and authored many articles on how people can discover the 'master creator within' through surrendering thoughts, which are the source of all unrest. Playing and practicing from "the space" brings one into the moment and away from the difficulties of the mind. Detaching from the mind's thought habits connects one with their heart and true intellect. Spiritually, It connects one to the master creator within, to all that is; an ocean of consciousness. Then one's actions naturally benefit all other living beings and the planet in general. Those actions always create the right outcomes for one's own self. They bring the true happiness we've been looking for, perhaps everywhere but from within.

"When the soul of the performer starts to vibrate, and he receives his inspiration from that vibration, the souls of the audience start to vibrate. This is the experience behind the music we all crave."
